DycoTrade embraces next chapter of global expansion and welcomes Cees Poortman as new CEO

Aalsmeer, the Netherlands – May 16, 2024: DycoTrade is pleased to announce the most recent addition to the DycoTrade management team. As of June 1st 2024 Cees Poortman will join the team, filling the role of Chief Executive Officer for the company. In his role as CEO, Cees Poortman will be leveraging his distinctive leadership background to continue with the company on its path to be the preferred global Commodity Trade Risk Management (CTRM) platform for Microsoft Dynamics customers in the Food, Feed, Agriculture and Metal industries.

Cees Poortman takes over the helm from founder and CEO Arie Willem van der Plas. Arie Willem will continue his work as member of the Novature Board, the holding company of DycoTrade and will assume the role of Chief Strategy Officer for DycoTrade, further developing the growth strategy, building new strategic partnerships, and working closely with key customers to strengthen the DycoTrade brand.

Arie Willem van der Plas: "I am pleased to welcome Cees to the DycoTrade board. With his extensive experience in the Microsoft Dynamics world as well his track record in scaling up B2B SaaS companies, I am excited that he will lead DycoTrade's transformation from a more service driven organization into a next generation global Independent Software Vendor (ISV) with services."

Cees Poortman: "I am impressed how the team at DycoTrade is enabling its impressive list of clients through the delivery of its CTRM platform to increase revenue, reduce cost, manage risk and to deliver the best services to their community. I am excited to take on the leadership of DycoTrade and to contribute to their vital role in supporting efficient and sustainable supply chains for Food, Feed, Agriculture, and Metal. Through DycoTrade's sophisticated software and dedicated professionals, it actively addresses crucial aspects of these complex industries, making a meaningful impact on our world."

About DycoTrade:

Currently operational across more than forty countries, DycoTrade works to establish itself as the foremost authority to deliver the end-to-end industry standard solution for commodity trading companies worldwide. Certified by Microsoft and seamlessly integrated in Dynamics 365 Finance and Supply Chain Management, DycoTrade simplifies daily logistical and trading operations with a user-friendly interface. Backed by our expertise and Microsoft's support, we ensure seamless implementations through our proven project approach, Success by Design. With extensive experience in global implementations, DycoTrade offers international support through its partner network, ensuring localized assistance whenever needed.
